Commissioner for Patents

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth [1]. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in ABANDONMENT of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

In this communication:

The second inventor's address is missing of the oath form. The applicant's representative, Joseph Herndon (Reg.No. 50469, Phone: 312-913-0001) is contacted on November 10, 2006. He could not provide the request due to lack of information, and he stated that the second inventor no longer works for the corporation that is responsible for this application, and the second inventor has moved to London, UK.

Applicant is directed to 37 CFR 1.47, and APS 37 CRF 1.76.
